temporary and new departments, I don't think for the next 10 or 12 years these unrepresented communities would get a good chance of getting into the Government service. So whenever new departments are created by the Government, the Government should select candidates from those communities which are not well-represented inthe service, apart from the consideration of acting in other departments.

Rama Varmha Tampuran.—As the Hon'ble Member himself explained this is a new department according to the rules. But Government will consider the suggestion.

Mr. K. T. Mathew.—On this assurance, I withdraw the motion.

The motion was, with leave, withdrawn.

Demand minus Re. 1 was then put and carried.

8. 14—General Administration—Rs. 300.

Rama Varmha Tampuran.—I rise to move for an additional allotment of Rs. 300 under 14—General Administration—Huzur Secretariat—Office expenses. The provision in the budget was for Rs. 700 and the balance now available under it is only Rs. 164—5—7. About 5 months more have to run and it will be necessary to have some more money under that head. I request that the House will be pleased to pass Rs. 300 under Office Expense.

Demand put and carried.

9. 14—General Administration—Rs. 400.

Rama Varmha Tampuran.—I rise to move for Rs. 400 under 14—General Administration—Huzur Secretariat—Miscellaneous. Here again the budget provision was Rs. 1,700 and the balance now is only Rs. 415—5—4. I request that the House will be pleased to pass this grant.

Demand put and carried.

10. 15—Accounts and Finance—Rs. 1,876.

Mr. P. V. Subramania Ayyar.—I beg to move for a grant of Rs. 212 under Establishment, Rs. 600 under T. A., Rs. 35 under Tour Charges, Rs. 15 under Postage, Rs. 14 under Telegraph and Rs. 1,000 under Service Lables. These have been necessitated exclusively by the transfer of my office to Ramavarmapuram, except under establishment. Under establishment we have budgetted on a very correct basis, viz., for Rs. 32,356. It included 5 per cent for leave allowance also. In a big establishment like that of mine 5 per cent leave allowance will be quite inadequate. So that, the whole amount has been spent up in the course of 5 months—I mean that under leave

allowance. Whatever excess is required by way of increase under establishment I have to come to the Council for the same. It is not possible to find surpluses under leave allowance in the case of my establishment. That is why I have come forward for the supplementary grant of such a small sum as Rs. 212. It has been necessitated by certain transfers made by the Government, whereby increase in salary had to be given to one officer transferred to my office. And owing to the general revision there has been some complaint that one of my Superintendents was not paid to the extent to which others of his grade were given. That also contributed to a small increase. This amount of Rs. 212 was an inevitable element. Under T. A., of course, though I am not a touring officer, owing to the transfer of my office to Ramavarmapuram all my journeys to Ernakulam and back necessitated this increase, comparatively small I say. The same is the case with tour charges. The necessity was evident from the actuals in the course of 5 months. The budget provision has been almost spent up in the course of 5 months. You will find under service labels I have asked for a pretty large amount. While my office was here the whole correspondence was being despatched by means of local delivery. Now a number of offices have to be corresponded with and under service labels, therefore, I have asked for Rs. 1,000 by way of addition. This is quite inevitable for me. It is only by way of adjustment to the credit of Anchal and not by way of actual expenditure. I hope the House will readily grant this allotment asked for.

Motion No. 1.

Mr. P. Kumaran Ezhuthassan.—Why this amount of Rs. 32,000 under establishment was found insufficient? In the explanation accompanying the statement of the Comptroller of Accounts, it is said that 5 per cent leave allowance that was budgetted for was found insufficient. Was it not a contingency that could have been foreseen at the time of the budget and that especially of the Finance Department itself?

Mr. P. V. Subramania Ayyar.—I may be allowed to say that 5 per cent is a dogmatic data enjoined by the budgettary rules. It is not to be deviated from and in such cases the Heads of Departments are to come to the Council for additional allotment if they find increase actually necessary.

Mr. P. Kumaran Ezhuthassan.—I don't move the motion.

Hence the following motion was considered withdrawn.

Mr. P. Kumaran Ezhuthassan.—*To reduce the allotment by Re. 1.*
